

OTHER PLANNING INITIATIVES

Watershed Management Plans: Waianae and Koolauloa

The Board of Water Supply, in collaboration with the Department of Planning and Permitting and the State Commission on Water Resource Management, is preparing the Waianae and Koolauloa Watershed Management Plans to provide long range guidance for the protection and management of water resources on the island of Oahu.

Oahu Metropolitan Planning Organization

The Oahu Metropolitan Planning Organization, commonly called OMPO, is responsible for coordinating transportation planning with the various government entities for Oahu. OMPO's directive focuses upon the development of plans and programs to produce an integrated intermodal surface transportation system.
