

## **ALA MOANA-SHERIDAN COMMUNITY PLAN**

This project is currently underway and will be the first-community-based plan for the Ala Moana-Sheridan area. Through a planning process facilitated by the City and County of Honolulu and its project consultant (PlanPacific), the plan will define the community's preferred identity and address physical, social, economic, and transportation issues.

The process to create the Community Plan will involve a series of workshops to be held within the community, giving residents the opportunity to be an active participant and to learn about the project, share their ideas, and comment on plan alternatives.
